

# Life is incomplete without IT

## IF IT'S IT. IT'S MET.

### ADMISSIONS OPEN

#### ADVANCED DIPLOMA IN SOFTWARE DEVELOPMENT (ADSD)

ADSD is an intensive autonomous programme aimed to create IT professional out of any graduate. It follows a unique format that blends advanced IT theory with efficient practical application. Led by the best faculty from the industry, successful completion of ADSD will ensure excellent career opportunities. No wonder, ADSD alumni are playing key roles and are making a mark across blue chip companies like L&T Infotech, Capgemini, Reliance, ETP Int'l, Financial Technologies... with record salaries.

**Recognised by the industry, ADSD gives your IT career a flying start in 10 months only.**

**The MET Edge:** Includes all technologies (.NET, Java, Web, Android) • Mobile Apps Development • Project based pedagogy • Industry consultants as trainers • Technology & legacy code integration • 2790 productive hours • Implementation of Design Patterns • Soft skills module • Campus placements

Forms & Prospectus available for Graduates at MET for ₹ 900 in cash or DD favouring 'MET ISDR' or pay at [www.met.edu](http://www.met.edu). For details call toll free 1800 22 0234 or tel 022-26440096/57, 39554366 or give a missed call on 7777021818.
